

HIGH SCHOOL PLAYWRITING PROJECT 2022

TEACHER'S LETTER OF SUPPORT

Due April 1, 2022

It is with my signature on this Letter of Support that I indicate my willingness and understanding, as to the role of sponsor and advocate, for each student playwright under my guidance and instruction.

I am determined to make myself available as a liaison between the student and the High School Playwriting Project should questions arise or if further clarification regarding requirements is needed.

I will make myself available to every student playwright under my advisement in their need for assistance as they write their scripts. I will periodically monitor their progress in an effort to benefit their skills in grammar, spelling, content cohesiveness and format.

If a public reading is possible this year, I will attend the play readings at Circle Theatre should any of my students be selected as a finalist or semifinalist.

With my signature, I fully approve and endorse the submissions by the student playwrights I name with this letter. I am aware of the content of each play and of all the requirements needed to make each play ready for submission.
